Logic Game - Halloween

Bobby, Danny, Jenny, Molly and Sally went to beg treats on Halloween night. They like dressing in and playing "trick or treat". From this game you can find out what they dressed in, what they received from whom. Look at the clues, fill in the tables, and then write full sentences using the solution.

To solve this logic game put an 'X' where there is a relation and '-' where there isn't.

		COSTUME					FROM WHOM?					WHAT?				
		bat	ghost	pirate	skeleton	witch	aunt	godmother	grandmother	mother	neighbour	candies	chewing gum	chocolate	lollipop	sweetie
NAME	Bobby															
	Danny															
	Jenny															
	Molly															
	Sally															
WHAT?	candies															
	chewing gum															
	chocolate															
	lollipop															
	sweetie															
FROM WHOM?	aunt															
	godmother															
	grandmother															
	mother															
	neighbour															

Clue 1: Molly didn't dress up as a ghost. She went to her aunt.

Clue 2: A witch got some chewing gums but not from her granny.

Clue 3: Bobby's neighbour had a lot of candies. Bobby wasn't a pirate.

Clue 4: A girl dressed in a bat costume, and then went to her aunt.

Clue 5: Mother gave some chocolate.

Clue 6: Jenny received some lollipops.

Clue 7: A granddaughter was the skeleton but she didn't get sweeties.

Now summarize your answers.

NAME	COSTUME	FROM WHOM	WHAT
Bobby			
Danny

Now write sentences. Look at the example.

e.g.: Bob was dressed up as Superman.

He received candies from his cousin.

- 1) Bobby _____
- 2) Danny _____
- 3) Jenny _____
- 4) Molly _____
