SEPTEMBER 29TH IS NATIONAL COFFEE DAY!

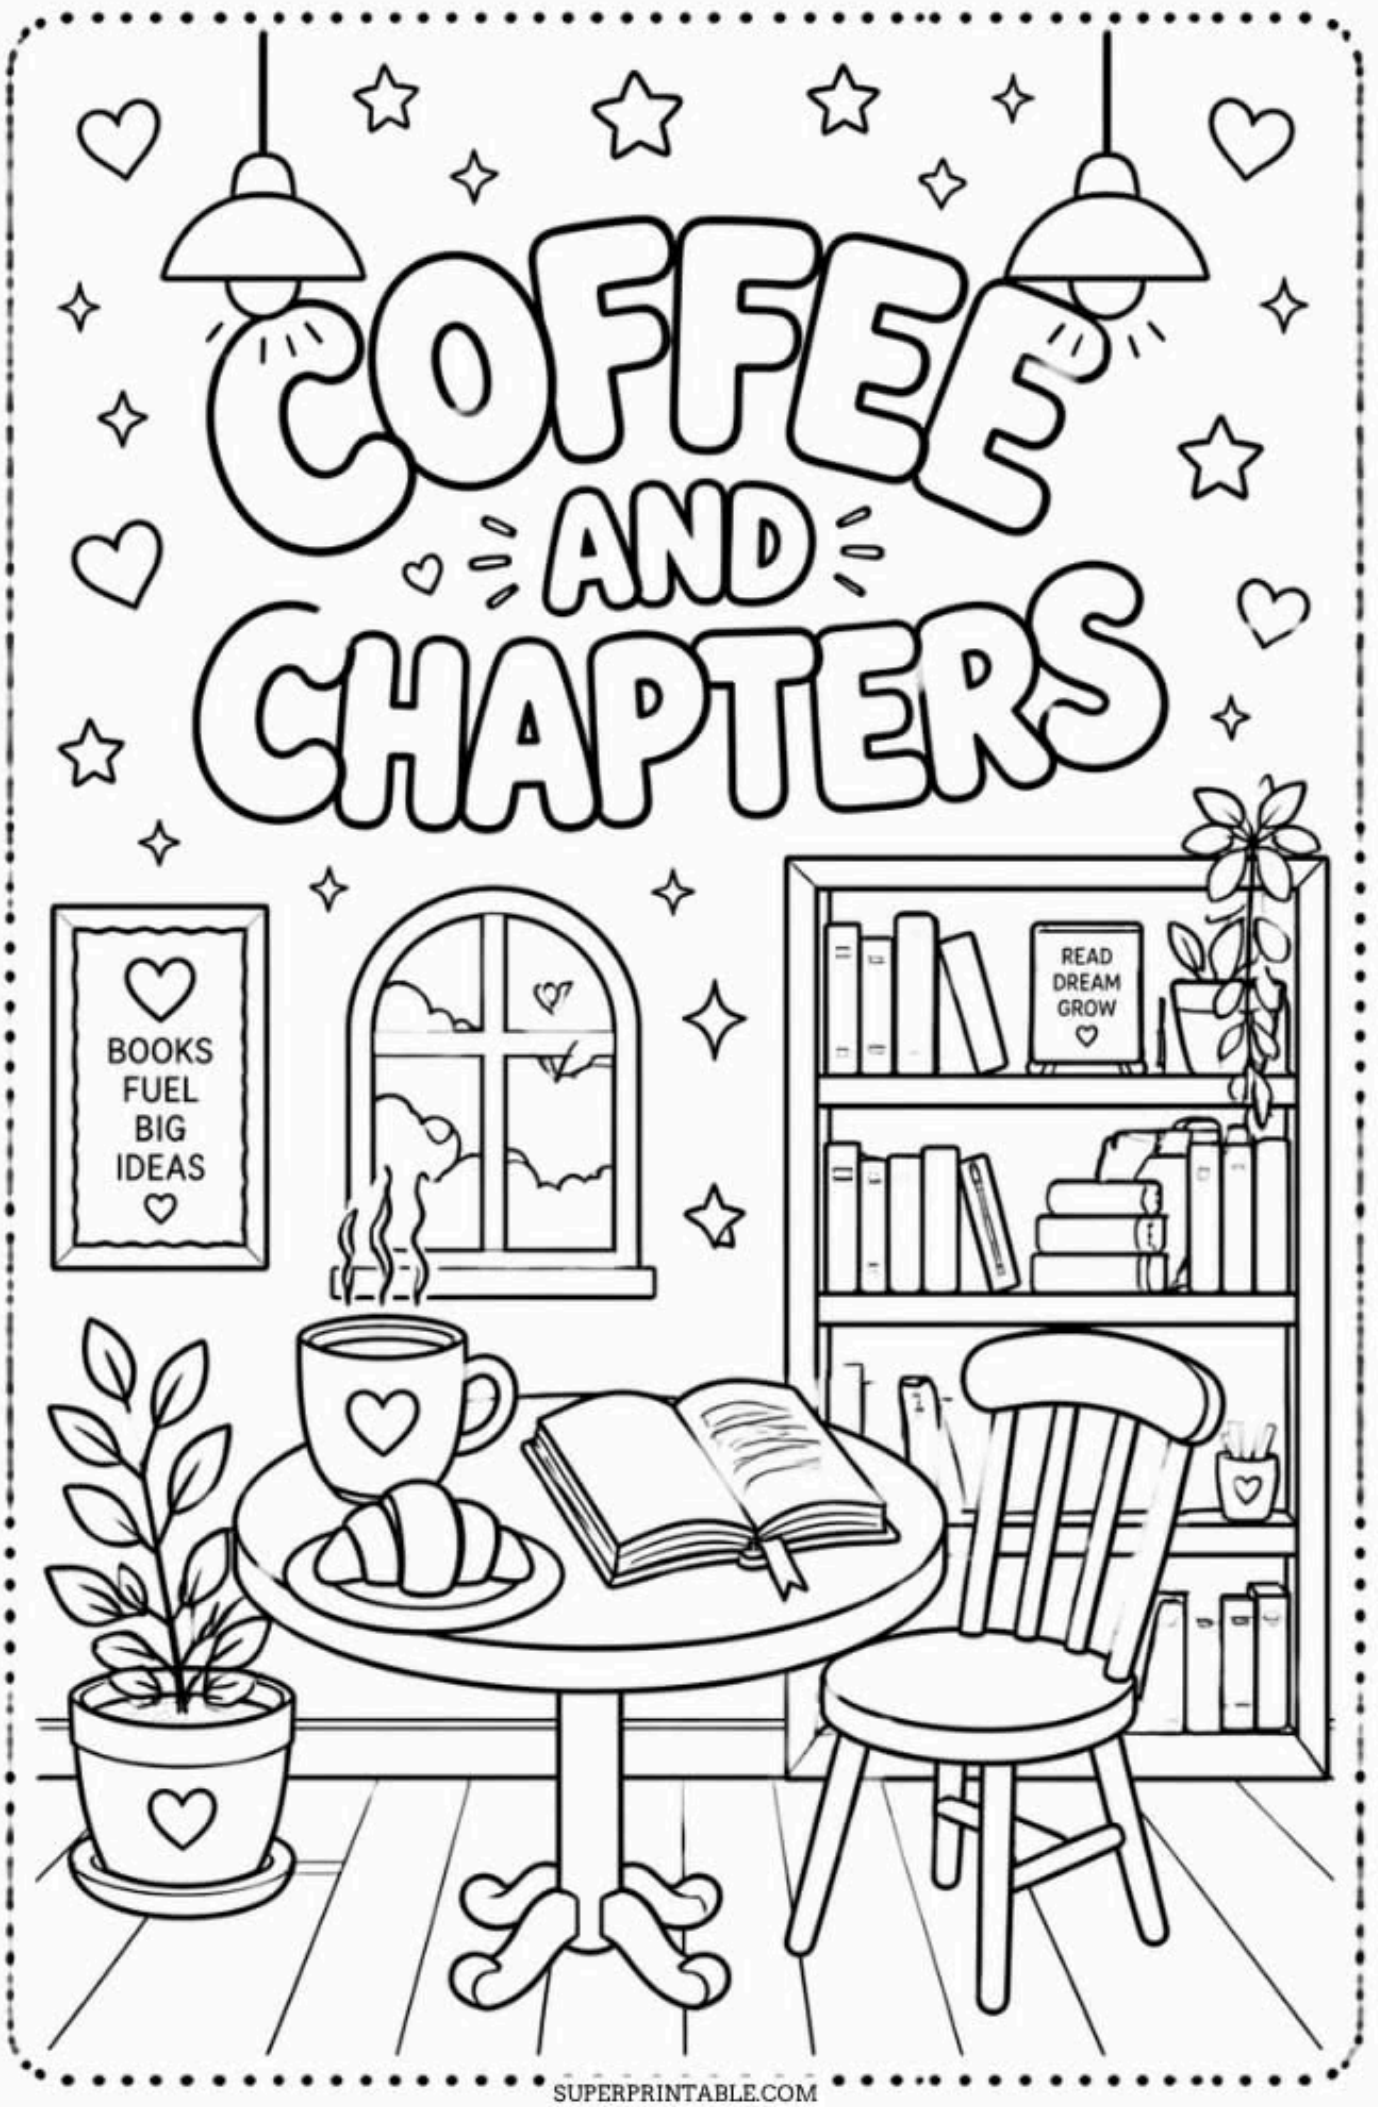

Fun Facts About Coffee:

- Americans consume 400 million cups of coffee per day!
- Despite it being called a ‘bean’, coffee is actually a fruit! The ‘beans’ grow on a bush and are found in the centre of a berry, known as a coffee cherry.
- Darker roast coffee has less caffeine than lighter roast. Even though the flavor is often stronger, roasting actually burns off some of the caffeine.
